

Smart Infrastructure Consulting's team has over 20 years' experience in Workforce Development and Industry Participation. We are motivated by collaborating with clients to improve employment opportunities in the community where we live and work.

We are focused on closing the gap and delivering meaningful sustainable employment for all First Nations Peoples and to a more diverse and inclusive workforce.

## Process

We work with you in a staged process to understand your requirements, ensure effective engagement, delivery and ongoing development and success.

Partnering with Smart Infrastructure Consulting ensures a best practice approach to Workforce Development and Industry Participation in local communities.

## Practical Experience

We have extensive experience developing and delivering tailored employment, training and workforce solutions and can assist with the following workforce employment and training solutions:

- › identifying development and training needs
- › pre-employment programs
- › entry-level programs
- › transition to work programs
- › upskilling
- › group training
- › cultural support programs
- › Aboriginal mentoring
- › local industry engagement forums
- › connect with Job Active agencies
- › local Industry Participation opportunities
- › school-specific programs.

Contact us to explore how we can work together toward delivering more meaningful sustainable employment for all First Nations People.
